

The New Generation of Patrol Bikes.

iFORCE is dedicated to designing and manufacturing top quality, patrol-ready bicycles and accessories to serve law enforcement and other public safety riders. With over a decade of experience working directly with emergency services personnel, our product design team incorporates features and functionality to meet these unique professional needs.

PERFORMANCE DESIGN

With quick acceleration, smooth shifting, and optimal weight distribution, the iFORCE Patrol Bike is made to be the best performing bike you'll ever experience. Powered by 27 speeds of SRAM drivetrain and controlled by Avid front and rear disc brakes iFORCE combines the speed and agility needed for patrol.

PATROL READY

The integrated lighting and speaker system provides a turn-key patrol bike solution - removing added fit-up time and costs. The integrated kit includes high-quality, multi-function law enforcement siren and speaker system, all-LED lighting and battery charger for battery life that will last all day.
